

## No Place Left – Prison Ministry Launch

I am frequently asked how to start a NPL movement in a prison where you don't have the privilege of the embedded Bible Seminary that deploys special access Field Ministers. So I asked the NPL inmate leaders...

1. A Free World NPL Trainer casts vision with Chaplain and/or Warden of the respective prison. Case studies should be used of the cultural transformation of Coffield Prison (Largest in TX) and Darrington Prison ( past history as the most violent prison in TX).
2. The Free World NPL Trainer will most likely (states have specific rules) have to submit a proposal to the Chaplain for a Chapel Program ( Four Fields Training or Disciple Making Training). The proposal is then submitted to the state office for approval.
3. Working with the Chaplain identify the top 4 to 7 Christian leaders in the prison. Cast the same vision with these leaders. Begin to train them on weekly basis in the Chapel using the (Phase 2) 4F\_2 Booklet from the Google Drive ( see link)

4. This is a 12 week training with high accountability. SET THE BAR HIGH. 3 missed classes and you are no longer part of the class and must recycle and start again. 80% is passing rate of all quizzes and exams. (inmates will pay attention to such standards and the trainer). See the SYLLABUS below. They must complete all Look Forward assignments.
5. Upon successful completion of Phase 2 training give them some Phase 1 4F\_1 booklets to roll out the groups in general population of the prison.
6. Allow the successful graduates of the Phase 2 training to recruit people and start another Phase 2 training. Let the Phase 2 graduates lead the training. (Note: A Free World NPL Trainer or other Free World volunteer will need to be present since the inmates are not allowed to lead the Chapel programs).
7. Implement steps 4,5,6 for repeated cycles
8. Call the obedient leaders to Phase 3 training using the 4F\_3 booklets where they will be equipped to launch organic movements throughout the general population.

The inmates at Darrington are creating a reproducible tracking database that I will share in the near future.

### MISSIONARY TRAINING MANUAL

In order to enter this training program, you must learn the diagram on pg. 2 of this booklet and be able to draw it from memory within fifteen minutes. In order to graduate, you must achieve three goals: Accurately answer all the questions in this booklet, fulfill all the LOOK FORWARD assignments, and successfully complete the Final Exam.

The following is a schedule of classes and your assignments. The LOOK UP section shows what will be taught in class. The LOOK FORWARD section shows what your assignment is for the week. The LOOK BACK is a review of what you were responsible to do over the past week
